Colour Words and Colour Categorization - Reinhard Blutner

Self-categorization theory is a theory in social psychology that describes the circumstances under which a person will perceive collections of people (including themselves) as a group, as well as the consequences of perceiving people in group terms. Although the theory is often introduced as an explanation of psychological group formation (which was one of its early goals), it is more ...

2016 P3 Statute Categorization and Analysis. As part of its ongoing work to help state legislatures analyze the options available relative to transportation funding, NCSL has concisely categorized and compiled the provisions of state law addressing public-private partnerships (P3s) for transportation.

Public-Private Partnerships for Transportation

Speech perception is the process by which the sounds of language are heard, interpreted and understood. The study of speech perception is closely linked to the fields of phonology and phonetics in linguistics and cognitive psychology and perception in psychology. Research in speech perception seeks to understand how human listeners recognize speech sounds and use this information to understand ...
