(also known as: avoiding the question [form of], missing the point, straying off the subject, digressing, distraction [form of]) Description: When an arguer responds to an argument by not addressing the points of the argument. Unlike the strawman fallacy, avoiding the issue does not create an unrelated argument to divert attention, it simply avoids the argument.

Avoiding the Issue - Logically Fallacious

But news media may have turned this natural disaster into a disaster for American race relations by repeatedly broadcasting images of black people who were often described as "looting" in the catastrophic wake of the storm. According to a study by James Johnson and colleagues, these types of images may lead white people to endorse harsh treatment of black evacuees (by, for example, not allowing them to seek refuge in another parish).
