Spontaneous abortion, also known as miscarriage, is the unintentional expulsion of an embryo or fetus before the 24th week of gestation. A pregnancy that ends before 37 weeks of gestation resulting in a live-born infant is known as a "premature birth" or a "preterm birth". When a fetus dies in utero after viability, or during delivery, it is usually termed "stillborn".

Dental Materials / Procedures Solutions It is important to educate yourself as to the toxicity of dental materials. One of the reason that most dentists are totally unfamiliar with the toxicity of the substances and procedures they use is that the dental trade organizations work closely with dental material manufacturers to downplay safety concerns.
