For many women, the idea of running in a public place can be a very daunting thought due to a lack of body confidence. Not having enough confidence can get to the point where it becomes a challenge to stop the self-doubt and paranoia about what other people are thinking. This can also be a factor ...

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
