Cautionary Notes: This is one of the more distressing pages on my website. Survivors in therapy should read this webpage only after their therapists have first read it and assessed that the survivor would benefit from reading it. If a survivor does not have a therapist, I strongly recommend that she/he obtain a therapist and€

The 2018 FIFA World Cup was the 21st FIFA World Cup, an international football tournament contested by the men's national teams of the member associations of FIFA once every four years. It took place in Russia from 14 June to 15 July 2018. It was the first World Cup to be held in Eastern Europe, and the 11th time that it had been held in Europe. At an estimated cost of over \$14.2 billion, it ...

In the social sciences, a social group can be defined as two or more people who interact with one another, share similar characteristics, and collectively have a sense of unity. Other theorists disagree however, and are wary of definitions which stress the importance of interdependence or objective similarity. Instead, researchers within the social identity tradition generally define it as "a ...

What does scientific research tell us about people overcoming substance use problems? I have previously described the study with US veterans who stopped using heroin after they returned from Vietnam, showing that the common belief that heroin is highly addictive cannot be generalised to all situations.
