Visual perception is the ability to interpret the surrounding environment using light in the visible spectrum reflected by the objects in the environment. This is different from visual acuity which refers to how clearly a person sees (for example "20/20 vision"). A person can have problem with visual perceptual processing even if he/she has 20/20 vision.

Visual perception - Wikipedia

An atelier (French:) is the private workshop or studio of a professional artist in the fine or decorative arts, where a principal master and a number of assistants, students, and apprentices can work together producing pieces of fine art or visual art released under the master's name or supervision.. This was the standard vocational practice for European artists from the Middle Ages to the ...
