Railroad Volume One: Rodger Dodger is one of my first forays into the world of steampunk and if this is what steampunk is all about I LOVE IT! The characters created by Tonia Brown are fantastical and vivid...highly entertaining.

Dodger (aka Carpenter) was the only one foolish enough to answer the ad. This book starts off a little slow, being a bit of an info dump on the fancy train and her occupants. Still, there was enough steampunk awesomeness there to keep me interested and I am very glad I continued on with this book. the story gets good, really good.
