The aquaculture industry is a major segment of agriculture in Arkansas and is important to the statewide economy. Economics and marketing issues are at the forefront of industry concerns. This position provides an opportunity to conduct scholarly research on aquaculture economics, markets and marketing of fish/seafood products.

Research Associate Aquaculture/Seafood Economics and

Fishermen's Direct Marketing Manual. Since the mid-1990s, commercial fishermen have used earlier editions of this publication to help them think through the issues involved in selling their seafood products further up the distribution system than the local processor. This is what we call direct marketing.
