In development or moral, political, and bioethical philosophy, autonomy is the capacity to make an informed, un-coerced decision. Autonomous organizations or institutions are independent or self-governing. Autonomy can also be defined from human resource perspective and it means a level of discretion granted to an employee in his or her work. In such cases, autonomy is known to bring some ...

Immanuel Kant (1724–1804) is the central figure in modern philosophy. He synthesized early modern rationalism and empiricism, set the terms for much of nineteenth and twentieth century philosophy, and continues to exercise a significant influence today in metaphysics, epistemology, ethics, political philosophy, aesthetics, and other fields.
