

shibori the inventive art pdf

Shibori (絞り / しぼり) is a Japanese manual resist dyeing technique, which produces patterns on fabric.

Shibori - Wikipedia

A resist, used in many areas of manufacturing and art, is something that is added to parts of an object to create a pattern by protecting these parts from being affected by a subsequent stage in the process. Often the resist is then removed. For example in the resist dyeing of textiles, wax or a similar substance is added to places where the dye is not wanted.
