Ethical, social, and political issues are closely linked. The ethical dilemma you may face as a manager of information systems typically is reflected in social and political debate.

Ethical and Social Issues in Information Systems

Social responsibility is an ethical framework and suggests that an entity, be it an organization or individual, has an obligation to act for the benefit of society at large [citation needed]. Social responsibility is a duty every individual has to perform so as to maintain a balance between the economy and the ecosystems.
